JE

Gerard will be sorely missed by the community of San Luis Obsipo. He dedicated his life to making the county a better place for us all. His vision, wisdom and business sense help create many opportunities to the citizens of this fine region. His mind was always working on how to make things better for all of us. He spent most of his adult life pushing the Port San Luis Harbor District towards a successful future, severing for over 3 decades on the Board of Commissioners. He will be missed but not forgotten!

Jay Elder, Harbor Manger, retired
