“ I am so surprised to know that I chose Art's birthday to write our memories of him. So, first of all, **HAPPY BIRTHDAY, ART!!**
We know Art from Terry's Bar where he always greeted us and everyone with his genuinely happy smile and positive outlook on life no matter what the circumstances. It didn't take us long to know that Art knew people from all over San Luis Obispo County. And very often he knew people we knew, too. My connection to Art was that he attended Pacific Beach High School where my dad was principal, Art was a great story teller knowing the history of places and sharing personal tales of mischief that were always interesting and entertaining. He was also a good citizen and a good friend. We will miss him, too.
With love,
Connie and Terry Latham

“ My Grandpa was a man of his word and well known in the community through his generosity and personable personality. He was more than just my grandpa, he was my dad. Every year since I was a little girl to an adult we would ring the bell for the Salvation Army during the holidays and ride in the Templeton parade. He would take me to school every morning and always had the car warmed up and ready to go for me and my sisters. Every Sunday morning he would wake up and make his famous pancakes while jamming out to his country music. I will miss his goofiness and the love him and my grandma shared and will always have! I love you Grandpa and I promise to keep your legacy going through your great grand kids. I hope your living it up and jamming out! I miss you and I will forever love you Grandpa.
