“ *My prayers and deepest sympathy to all of Boyd’s family. We were Facebook friends but living so far away I never had the opportunity to meet him in person. I grew up a couple of doors down from his Dad, Aunt Imogene and Uncle Gordon. May he Rest In Peace.*

“ *You don’t realize the emotions still involved until the absences of the person is no longer a choice. “What’s meant to be will always find a way” (Our wedding announcements)... We just weren’t meant to be, the love we had wasn’t strong enough to sustain “us”. but the love I have for the kids will always be stronger than ever. I’ll do my best to help with them in your honor. You’ll forever hold a piece of my heart and be an ever lasting memory. Rest easy my once loved. My deepest condolences to our children and family.*

I know we have had many ups and downs over the years but we always got through them. I thank you so very much for the two wonderful legacies that you left me with. Two of my beautiful grandminions Kaylee & Blake Bristol. Watch over all of us and one day we will meet again. Rest in Peace!! My sincere condolences to the entire Bristol Family for their loss...

“ There are way too many memories to choose just one. It hurts my heart that you are gone, we may not always have seen eye to eye but I promise no matter what to make sure these kids succeed in life, they say it takes a village to raise a child so I know the families will all work together to make sure our kids are taken care of... you will be missed and we will always keep your memory alive... you have made an impression on Kaylee and Blake throughout the years and have taught them so much, that they are miniature Boyd's, their smarty humor and all. Thank you for giving me something no one else can, you helped make me a mother for the first time you changed it all and I am forever grateful. May you Rest In Peace and watch Down upon them and keep our kiddos safe... we will all sure miss ya.

“ Well I was leaving a message and it disappeared so ????

Again I met Boyd because his son came by my house to pick up my son for school. in todays day and age that doesn't happen anymore. Parents are so worried about their kids they don't let them hang out anymore. Anyway the boys were besties right off the bat, we had some issues at first and Boyd called me and said I wont let him come over anymore, I was like wait a minute boys will be boys and things happen between friends.

That when he realized I wasn't someone who would pick on his kid. We had sleepovers on school nights and so on. Boyd really is a great dad and all he cared about was his kids Blake and Kaylee. Kaylee and my daughter are same age so we were fast friends. Then come to find out the boys were born on the same day one year apart. Our first party together was at Madonna Ice skating rink. I honestly imagined these boys being friends forever

Your sudden passing brings us great sorrow, and I know that without you things will be tough for Blake, not very many people understand him like you and I.

Anything you guys need , I am here . We will miss you so much.

The American Legion, which you have been devoted to as long as I have known you, has been helping with processing all this. For that I am grateful. Please don't hesitate to call me for anything because we are here.

I have heard the service is on the 27th. See you there!

I encourage everyone to share a memory , do not be shy. Later when the kids reflect on this it will bring them comfort.

Sincerely,

Sammy , Juniors mom
