

## Carla Irene Kaplan

December 9, 1964 - October 31, 2021

Carla Irene Kaplan age 56, wife to the late David Kaplan, mother to Aaron, Garrett and Valerie, sister to Daniel and Monica; passed away on October 31, 2021.

She was a three time cancer survivor. The strongest of women! Her favorite pastimes were playing music, and hunting for precious stones. At the very top of her list was enjoying time with her grandkids and family, anytime possible. She always made time for family. Something everyone should do.

Being a San Luis Obispo native, she felt very happy to have met all the wonderful people from this area. She grew up in SLO county with my father David, and made bonds we will never forget. I appreciate all the love we have received from the community that she always loved as well.

During her multiple battles with cancer, she never once gave up. Her fight seemed endless as she stayed strong for all of us. Eventually she lost the fight, it was very sad for us all, but she had family by her side at her last moments, and will live on forever through us all. My father and her are playing music for us all from above!
