

## Cynthia Arburua

November 18, 1960 - August 6, 2020

Cynthia Anne Arburua was born in Bakersfield, CA to Dominic and Mary Lou Arburua. She was the youngest of three children. She passed away unexpectedly on August 6, 2020 in Morro Bay, Ca. Her home away from home. It's where she would go for "Vitamin Sea". She loved the beach and she was quite the rock and shell collector. It also gave her a chance to see a few dear friends that lived at the beach. And boy, she was definitely her father's daughter, who made friends wherever she went, she had so many friends. She loved sunflowers, and in the past was known to grow some pretty awesome ones. She grew them in a spot in the back yard that she called "Lucky's Garden", named after her dog that had passed away a while back, that she adored. She was also an avid collector of so many things like, light houses, clipper ships, whales, coca cola bears and shot glasses. She loved making beaded bracelets and has quite the collection of beads and supplies.

She was always the biggest fan of the NY Giants (Eli Manning) and Yankees. She had lots of jerseys, hats and memorabilia.

But most of all, man, could she sing! She used to sing in a Band and would also go to Karaoke Bars. In recent years she had her own Karaoke machine and would make videos for her friends on special occasions. She also adored Loretta Lynn.

Cynthia was preceded in death by her parents, she is survived by her brother Greg and wife Kara, sister Josie and husband Jan, Nephews Shaine and Christy, Travis and wife Nicole and Christian . And all her great nephews and niece, they were pretty special to her.

“ You come to my mind everyday C. 39 years of great times together. Our "serious fishing trips!", whether we caught anything or not. The amazing times we went whale watching. Watching the Yankees game together via cellphone. And just hanging out together. Go Yankees! Go Giants!  
You were taken too soon. So I guess The Lord wanted you to come home. I love you Cynthia. I'll see you again someday ❤️

“ All the great times we had playing softball together. Uncle Dominic was the best coach! Lot of wonderful memories.

My dearest Cindy, you always said only I could call you that. You will always be my second daughter. You were my best employee at the Sheraton Hotel in Bksf. Always happy and a smile. Your beautiful eyes were always shining. You never said no to me no matter how hard the tasks were.  
When Penny and I moved to Washington, you came to visit us. We had such fun. Your music will always be remembered by us all. I miss you. I have a special place in my heart for you. We shall meet again. Rest in peace my sweet girl.  
My love to you forever.
