“ Don was the president of the student body at Corona (CA) High School in 1960, the year he and about 275 of us received our diplomas at our historic campus. He was among the brightest and best of our class and his career in education proved just that. We last saw Don and his lovely wife Natalie at our 55th high school reunion in 2015. We pray that Natalie and the family will enjoy God's peace that surpasses all understanding in this time of mourning.

“ Don was a good man. I suspect that he was also a good husband and father. My condolences to all.
