“ So very sorry hearing of Millie's passing. I knew her in high school at St Mary's in Columbus Ohio. She took good care of this new girl at school and made sure I was where I was supposed to be. Such a good friend and super lady. I kept up with her for several years after high school. I still have a picture of her firstborn and some from school. So sad to lose touch. I was able to friend her on Facebook but couldn't seem to connect otherwise. She had a heart of gold and would do anything for anyone! Now your family has an angel to care for you.
