“ My name is Lynne Klamser and I knew Evlyn for at least 38 years. She was a great friend and I was surprised my Christmas card was returned yesterday. I was shocked to learn that she passed away. We had lunch together - it seemed like just a few weeks ago. After her card was returned, I tried calling, texting and Facebook. My husband just found this funeral home notice. I am so sorry she is gone. I would really like to talk to someone from her family. Please call me at (805) 340-1015. Thank you so much!

I have been trying to contact and started feeling something was wrong. We shared the same birthday and stayed in touch over the past 20+years. Do you know what caused her death?
