“ As many who knew him can attest "Happy Hitchcock" didn't just brighten up the room when he entered, Gary brought it to life. Gary had an uncanny talent of raising the mood no matter where he was or who he was around. There were many good times in the 70s down at Aethel Red's in SLO. Later I worked with Gary at ASH and came to respect his ability to intercede with angry and agitated patients and alleviating the tension by causing the patients to laugh, leaving their anger behind. I will always happily remember his better days when he would perform with his band as "Happy Hitchcock." Gary will be sorely missed. Condolences to all of his family during this time grieving.
