

Glenda C. Luker

January 25, 1943 - April 10, 2021

Glenda (Jackson) Luker

On Saturday evening April 10, 2021 Glenda Luker departed this life, freed from the cruel grip of dementia. A very special lady is greatly missed by her loving family and friends.

Born in Kansas, Glenda grew up in New Mexico and Colorado, making many lifelong

friends. After high school she lived in Colorado, Connecticut and then California where

she settled in the Newport Beach area. There she worked many years in the corporate

realm, eventually retiring from the trade show exhibit business.

Upon retirement, Glenda and her husband Stanley moved to Santa Maria.

Both enjoyed

playing golf at the Santa Maria Country Club and they made many friends in the area.

After Stan's passing, Glenda remained in Santa Maria up until the last few years when

she then moved to San Luis Obispo.

An invitation to Stan and Glenda's was sure to be a good time. No matter the event,

Glenda created the perfect ambiance with lovely décor, great food and drink

and her vivacious personality. Together as a team they hosted many memorable gatherings. Beautiful inside and out, Glenda was a loving wife, good friend and kind, caring person. Glenda was fun and made others feel special. A successful, modern, professional woman who was smart, witty, and very organized, she was always polished and very stylish, with a radiant smile and great laugh. Glenda traveled throughout the world, at first for business then continuing to explore places near and far after retirement. She loved to plan the next adventure and filled her calendar with outings and events. "Gathering of the Goddesses" trips with close friends were especially enjoyable. A few years ago, as travel became more challenging, Glenda booked herself an airline trip to visit her cousin. Knowing it would be the last time doing something she loved she splurged and flew First Class. What great style! Predeceased by her husband Stanley, Glenda is survived by her dear Cousin Patricia and Husband Mal Arenburg, Brother Patrick Mark Boyd, Step "kids" Kim, Lauren and Greg Luker to whom Glenda was an awesome "Other Mother" and Stepson-in-laws Scot Morrison and Randy Rea. Many great friends and loved ones too. The family would like to thank the caring staff and management at Vista Rosa Assisted

Living, and Central Coast Home Health & Hospice. Arrangements are by Reis Mortuary.

Services will not be held. Please share memories of Glenda on <https://www.reisfamilymortuary.net>

To celebrate Glenda, she would want us to call a loved one to chat, “do lunch” with a pal

at a favorite restaurant, or raise a glass of wine with friends. Cheers to a wonderful lady!

Tribute Wall

AH

“ Dear Luker Family, Pat , Mal, Mark and friends,

Glenda was a treasured friend of mine for the last 45 years. We grew into our adult years together sharing fun times playing tennis, weekends by the pool, girl trips, career growth, supporting each other through it all. We rejoiced together when we each found our forever loves, danced at our weddings, celebrated Birthdays, welcomed friends and family into our lives as the years went by. In 2004 I moved to Arizona and Glenda and Stan moved to Santa Maria. The following year we found ourselves back together as Matrons of Honor at our friends Tomie and Don's wedding. As our lives took us in many directions, we planned to stay in touch through annual visits with Tomie, Colleen, Glenda and I. Trading off visits to each other's home, it became the Gathering of the Goddesses. We were very faithful about those meetings over the years with few exceptions. Sadly, the last meeting was about three years ago and was the last time I saw my sweet friend. Glenda was one of a kind friend. A beautiful lady, inside and out, always polished, stunningly put together, kind, loving, caring, successful and the best friend ever! My heart is heavy knowing how much I will miss our good times together. I can only imagine how you as her family will miss her too. I am glad my friend has found her heavenly peace at last. God Bless you all. Love, Nettie Hill
