“ I worked with Harold years ago ,for many years at Tri-Counties Regional Center -Atascadero office. We had a very special,caring,fabulous team. Harold was positive and always had a smile. He kept his cool during challenging times,and his humor was fantastic. My condolences to his beautiful wife and girls. Harold accepted me into the team!! He was unique as the team had Diane,Denise,Dave , Darlene and Harold. We thereafter we added Stephanie. My memories will last forever. Thank you to his family for sharing Harold with us. Love. This was a talented and kind social worker. He was capable of turning a delusional patient into a participant of a group with something to offer. He made everyone feel special. I admired him and cherished working with him when I was assigned. My condolences to his family and to all of us who worked with him and will miss him. Lucia

I just learned of Harold's passing and would like to express my heartfelt condolences to his family. Hal and I were friends in college, and he was always kind, thoughtful and funny. I still have the book he sent to my daughter for her 1st birthday: "A Light in the Attic" by Shel Silverstein — so typical of Hal's sense of humor. May he rest in peace and may his memory be a blessing. - Meg M.

I was thinking of Harold since I knew his birthday was last week. Little did I realize that tomorrow will be the one year anniversary of his death. We grew up together and our families were very close when we were young. We were also roommates later on in LA when he came back to CA from MN after surviving cancer. We were not in touch after his Dad's passing back in the early 90's (he moved, I moved out of CA) yet he was a big influence on the way I think about things. He was a very intelligent analytical person who also enjoyed having fun. Since I was younger, he was like that older cousin you hang out with. Even though we may have lost contact, he still had a place in my heart. So many memories and shared experiences. My sympathies to his wife and family.
