“ Like many of his friends , I was absolutely astounded when I heard of John’s passing . The loss quickly made me review all the memories Gloria and I have shared with the Aguirre’s. I first met Diane when she was working with Gloria at Valley Medical Center ! They were both 19 !! We then became instant friends with Diane’s parents and all her family ! One day, Diane called and said she wanted us to meet this guy she had met ! John and I became almost friends !! We shared many family events together , vacations and countless pool parties at our house ! John was an excellent cook! Many tri tips were cooked to perfection at our gatherings! John had a particular way of doing things and how things should be done! I must admit sometimes I would hide from him that I didn’t eat all my vegetables!!! We heard many of his stories of when he was in the service and how he had worked his way in Alaska and many of his experiences . But the the real joy was his family ! He wanted to see his kids do & be well ! How lucky we are to have these as the lasting memories ... BLESSINGS TO ALL WHO KNEW HIM .

“ Diane and family

I was so sorry when I heard the news that John had gone to be with the Lord. We have so many good memories to warm our hearts. The many trips to the coast, early dinners at AJSpurs, the marriage retreat we went to together in Pismo. All the swim parties where John would BBQ the tri tips to deliciousness as only he could! Somehow though as both our kids got older we didn't get together as much. But our friendship has always been one where we could pick up right where we left off even though months or years had passed. My job was to always annoy John :) I think I did a pretty good job of it too! He always acted like he was bothered but I know his bark was worse than his bite 😂 It will always be John and Diane, just like it will always be Francisco and Gloria. We've been through so much together since we were starry eyed 19 year olds! But you are strong and have God on your side. You can do all things through Christ who strengthens you. Hugs and prayers to you my lifelong friend. Know that I am here for you always. ❤️ Rest In Peace John 🙏

“ Diane and family... We want to extend our condolences and have
been praying for all of you since we heard of John's passing. Alex
and I went to church with you guys... Sonrise days...attended your
wedding and also remember John leading bible studies at Alex and
Tillie's house. The one thing that I really remember is when John
wanted to be a servant like Jesus and he washed our feet. It was
really humbling of him to do that. Well now he is in the presence of
his Lord and savior Jesus Christ. We love you Diane and family and
will continue to lift you all up in prayer. May the Lord bless you and
keep you.

“ I have known Uncle John all my life . To think I have known someone all my life is huge ! It has yet to hit me that he is actually gone until this moment as I write and think of him . 😭
I remember as little girl hearing your voice so deep and powerful while I had to eat all my vegetables on my plate when I stayed the night 😊 lol
I remember as a teenager ur voice was still deep and powerful when us girls made the wrong decisions 😳 eek!
I remember now as a woman your voice could still be deep and powerful but you chose to speak in a humbling manner of love to share facts and truth with anyone who would give you there ear.
I just loved seeing how you lit up telling all those interesting facts . :)
God gave you a glow in the end that I will cherish forever ! Ps.
Thank you thank you for always being the scary hairy man in all the ghost stories ! 😊 lol I love you and I will miss u!

“ John Aguirre Jr. was my father. I am his youngest daughter Gabriela Aguirre. I have a lot of great memories of my dad growing up, but the last three years of my life I shared with my dad meant the most to me. When I got pregnant before wedlock, my dad was there for me. When I married the father of my son, my dad was there for me. My dad welcomed my new husband and opened his home to him and let us live with him without anything in return. When I went to jail, my dad was there when I was released and came with me to all my court hearings. My dad was there for me when I left my husband. My dad supported me with my child custody case. My dad watched my son when I went back to work. My dad was the best grandpa to my son. My dad loved me unconditionally, no matter what mistakes I have done my dad would advise me to make better choices. My dad showed me whats important in life, love and relationships. Overall, my dad was there physically and emotionally for me. Life without him will not be the same and I will always remind my son of how much grandpa loved him.
