Judy had a very successful career in banking, retiring from Wells Fargo to live out her life in Avila Beach. She was diagnosed with Multiple Sclerosis in 1988 and went on to live long after doctors predicted. Although suffering from the pain and paralysis of this disease, she always had a smile and was the most loyal aunt and friend to others. She had a vibrant, positive spirit which kept her going until the end when we had to let her go. She is now free of pain and as she would say is "just ducky".

No services are planned as per her wishes. There will be a private gathering at a later date to spread her ashes in the ocean.
