“ *My heart breaks for you baby girl. I fucking love your whole world, and my world will never ever be the same. The very first time we met, my first memory with lyndee, meeting my full blood adult 34 year old brother for the first time in 20 years+ and you tagged along with him to meet me. Within 5 mins you were crying with me about my father that passed, and what a beautiful moment it was that she wintmessed such a one huge moment I'm my life.. didn't know you and you were crying with me five minutes into it. Your soul was so beautiful. Definitely an angel_ I love you*

“ *She was my sister not by blood, but by heart and I will never find another person like her. She was everything to me. A huge part of my life is now missing. Words cannot say how much she's done for me or meant to me. I miss you sis.*
