Mario Mota Castro was the first born to my sister Teresa M Castro and brother n law Tony D, Castro. He was brought to this world with a disability that needed special care and stayed away from parents most of the time since childhood until he passed away. He was an Angel here on earth and remains now being an Angel before our Lord Jehova God he is now resting in peace leaving parents in proffund pain. He was a special nephew even tough I rarely saw him but I loved him dearly. Now he is in heaven with his two brothers in joyful reunion with no more pain. They await for mom and dad to have their family complete. R.I.P. Mario God is taking care of you now.

Love Tia

Armida
