“ So very saddened to hear of the passing of such an incredibly nice human being. I’ve had the pleasure of knowing Nate for a few years and he was a rare type of person. Always so positive, kind, and calm. It is truly a loss. I will deeply miss seeing him and talking with him. My heart goes out to his family and want his kids to be reminded of how much he spoke of you! He looked at this year as a way to spend more time with his family. Nate, you will be missed.
