“ I remember Peggie as a take charge, no nonsense, and "git er done" person. We first met Peggie at a Thanksgiving Day rally. Someone told Peggie to find kitchen help and dishwasher help. Voila. My husband is in the kitchen doing prep work and I am in charge of pots and pan cleaning.

“ Met Peggie many years ago on a camping trip. We both had Schnauzer pups that we shared an interest in. After that she became my accountant until she retired. If someone from the family would get in touch, I would like to write a memory for our monthly magazine in Laguna Mobile Est. thanks. Ruth Starr 440-8480
