“ *My dad was the greatest father any girl could ever imagine having. He never ever let me down. I miss him more as each day passes. I thank God that i got to know what a real man is thru my dad. I will always speak to my children about you. We will remember you everyday, every holiday, every birthday. Everytime i look into the sky i know that God is allowing u to look over us. We will forever love and miss you daddy.*
