“I was able to speak with Randy back in May of 2020, I was hoping to get together with him after the COVID thing subsided. When I was a teenager Randy lived with us at my parents home in Chico, CA. The last time we connected was around 1983 for a brief visit. Randy is my mothers half brother. They share the same father Frank Lee King. I was very saddened to to hear of Randys passing, I was looking forward to seeing him and catching up on our lives. My condolences to his family for their loss.”
