“ Rick, I was so sad to see you go but I knew that it was your time because you were in so much pain. Your loved ones around you we're feeling a little selfish because we didn't want you to see you go... But it was hard to see you in so much pain. But now you are pain free and that's what matters you will always have a special place in my heart.

Love Always,

“ Rick my friend, I am going to miss your crazy sense of humor and the time we spent laughing about the dumb things we had done in our pasts, and our talks about conspiracy theories, that we believed must be true. i am sending you my love, until we meet again. Hope, I am so sorry for your loss. I love you and please know I am just a phone call away.
