*My name is Ken Mohr
I didn't know that this platform was here to leave a message. I consider Ruth a dear friend I was watching, and I was lucky enough to see Ruth the day before she passed, and as usual she had a great big smile on her face. I miss her terribly. I miss her terribly. I was very close to Bob as well, and fact I was so lucky to spend the whole day with him. Before he had passed. They were the most caring and giving people I had ever met in my life rest in peace Ruthie*

So sorry to learn that Ruth Bostrom has left us. She was a wonderful citizen, always ready to lend a hand and donate generously to the causes that she believed in: social justice, public education, and the environment.
