

Sandra Gail Waldron

April 13, 1953 - February 22, 2019

Sandra Gail Waldron of Paso Robles passed away February 22nd. Sandi was born in Bakersfield April 13th 1953 to Raymond Troutt and Patricia Hickman Troutt. She is survived by her husband Paul, daughter Emmy and son Morgan, Father Raymond Troutt and Mother Margie Troutt, as well as many other beloved family members and friends. Sandra loved to horseback ride, read, go to the movies and go to concerts. She spent many years involved in Morro Bay 4-H and was the Horse Leader. She enjoyed sharing her love of horses and horsemanship and supported The Backcountry Horseman in later years. She was part of the San Luis Coastal Unified School District as a server and driver. She enjoyed working with the other "lunch ladies" and formed many friendships over the years. She was the cook for over ten years at Camp Hapitok and had many stories over that time of the children who came for speech therapy. There are no words to describe our sorrow and loss at such a beloved wife, mother, sister and friend. She was kind and fun. A celebration of life is planned for April and the family will send notification of the location. In lieu of flowers please consider a donation to The Backcountry Horsemen of California or The Hearst Cancer Resource Center.

“ My wife and I will always consider the Waldrons as family. The many times that we have spent with Sandi, Paul, Emmy, and Morgan have been special (I'll always remember the first time we met). We certainly had some great times.

Sandi, you will be missed....greatly. You taught us the absolute and great joy of being with horses and the wonder of grace, courage, beauty, spirit, and power. My wife and I have seen those same qualities in you.

Your family will be with us forever. We know that you are on a new journey to heaven on horseback.

Love

Sandy, your kind nature and genuine goodness have been apparent since I first met you in 1968....your devotion to your family and your loving parenting is so obvious in Emmy and Morgan...you are so missed...but you deserve the peace and freedom from all the pain. Sending love to all the family... what a wonderful legacy you left...

“ To the Waldron Family,

I am so sorry for you loss. Sandi was a great person and I feel very honored to have known her. We worked together in food service. She would tell me how much she loved you Paul and always loved doing things with you. As for her children, Emmy and Morgan she love you very much and was very proud of you. You helped to complete her life.

She will be missed, but always know that she is in your heart and always with you.

Your family are always in my prayers.
