“ Sharon and I were in Brownies together. Our parents were friends and would get together as well. My sister Pam, was friends with Kim as they were growing up. I don't have specific memories but she was certainly part of my growing up and school years. May you have ease dear Sharon.

SS

“ Sharon was my oldest friends; we met in 3rd grade Brownies and went all through school together. In 6th grade, we had a few crushes on the cute boys but then we fell hard for The Beatles! And, The Rolling Stones! Went to their concert in 1964 (\$3). After HS graduation, I moved to SLO where she later joined me as a roommate. I'm pretty much sure she met her husband, Bill, through our friendship. she was my Maid of Honor. We helped organize several reunions over the years of several of our Junior & Senior HS gal pals. Last spring we did a 2 month road trip of the USA and got to spend time with some old friends. We were planning a trip to Ireland. Sigh. She was a great, loving friend and enriched my life immensely. I will miss her.
