“ You were not only my Dad but my best friend and the golden thread that securely sewed together all the patches of the quilt of my life. There will never be a greater man, lawyer, friend, son, brother, mentor, father, husband, grandfather and great grandfather than you. Now when I miss you, which many times through out my day, I look up to heaven, I can hear you say "Carry on my Bonnieann, as over our 55 great years we had together, filled with love, laughter sports and fixing VW's, I was also giving you all the tools you will every need to continue on your path without me". I thank you my Dadeo for a lifetime of wonderful memories and for those lessons that are now the gifts that keep showing me the way forward, until we get to start all over in heaven. Thank you Dadeo, I love and miss you, your Bonnieann:) Xoxo

JT will continue you to make you proud too. And we have a favor to ask; I hope you can walk JackBob and Zoey up there, they always loved walking with you and got up there a little before you to pick out the perfect night time path, and don't forget to wear your baseball cap with the light and the coyote horn just in case! “ Dear Mickey and family,

*I was very sorry to see the obituary re: Tom's passing in the local Mercury newspaper and wish to pass along my condolences to you, Mickey and all of your family. May God bless all of you at this difficult time.*

*As I reflect:*

*I have fond memories of Tom and I regularly talking after Sunday mass at Holy Spirit Church in Almaden about sports, kids, jobs, hobbies and life. Tom always offered very sound advice if you asked for it.*

*I remember Tom and I chaperoning our kids on Halloween evening trick or treating in our neighborhood with hundreds of other fun seeking kids.*

*Tom had his prized 1964 blue Volkswagon Bug which he kept in mint condition. He was able to troubleshoot any mechanical or electrical problems and very capable to do virtually all the repairs and maintenance on the car himself. He was able to remove and reinstall the engine alone and my recollection was that he did that many times.*

*After Tom and Mickey moved from San Jose to Surprise, AZ, Lorraine,(my wife) and I along with our daughter, Jennifer went to spring training in Arizona and were able to meet up with Mickey and Tom at a game. We enjoyed our time together at the game and then the delicious meal at their home afterward. .*

*Tom and I loved our San Francisco Giants, but we had to endure many disappointing seasons when they came up short at the end of the season. However, we finally were able to celebrate at the end of 3 years - 2010, 2012, and 2014 when they won the World Series.*

*Tom and I would share e mails on a regular basis, but this one that he sent me on the occasion of a St Patrick's Day celebration was very special. *God Bless,*
