“ Well Tim I do have to say that in the last two years you became more to Michael and me than a friend, you were family, a brother. We had some laughs, we cried, but I will especially miss our "BITCH SESSIONS" on being homeless and in the shelter. It was an honor to be a part of your life and I know now that your pain is gone and happiness is all you will feel, God will make sure of this. Rest in Peace my brother, until we meet again. God Bless the Breckenridge family, I am so sorry for your loss.

“ I have so many happy memories of Tim. Lynn came to our home in Walnut right after he was born for mommy and babe to have some tender loving care. Lynn and the boys always came to see us after we moved which was a lot. Tim came to see us in Fort Bragg when he was still young and he and Jeff, his cousin had a good time exploring the 20 acres where we lived. On the way home we had quite a wild ride to the airport 3 hours away on a very curvy road because Tim got car sick and we had to stop a lot. We were all afraid he would miss his plane. He came to visit us for the last time in Grass Valley and I think he entertained the idea of moving there. Sure wish he had!! I will always remember him as a loving, caring person. Aunt Karen
