“ *My fondest recent memories was bringing Rosemary Fahl Hardt, Vernice's sister, to California for a visit a few years back. To see the two of them together enjoying each others company. Both increasingly frail and yet a little pep in their step when they were together. They stayed together in Vernice's house in Morro Bay, having a slumber party. My grandmother said they stayed up late talking and talking. They talked many times a week on the phone. Sometimes daily. Our thoughts and prayers are with Mary Lee and her family. Hopefully you will find comfort in knowing they are reunited again and enjoying the company of each other. Having eternal slumber parties! :) With deepest sympathy, Kathy Smith O'Shaughnessy*
