“ Dearest Randy and family, I loved your precious Mother so so much. I knew her for 50 years and always enjoyed every minute I spent with her. She had such charisma, and charm ! She had that wonderful personality with a little cute laugh. I have thought of her everyday since her passing . I miss her and will always remember how she could give love and comfort to those who were in need of it. I believe that she is now waiting for her beloved family members to greet them in heaven some day. No one will or can ever replace that beautiful soul. Prayer, peace and love. Therese Newgard
