“ Dear Brenda and John,
I have great respect for all the good work Bill accomplished over the years, along with many fond memories of him quietly going about volunteering and helping so many others in need. I will remember him as such a kind, joyful and resourceful man, very talented, yet modest in his work, giving support to so many. I feel honored to have been a friend. I also thank him for his service to our country as a pilot in the US Air Force. For you, Brenda, and John, I send wishes for peace and comfort as you remember all the happy times and wonderful attributes for which Bill was known. Marsha Bolyanatz

“ Brenda,
May your fond memories of Bill carry you through this difficult time.
A big hug your way.
Fondly,
